

Referral for Health Care and Support Services

Health Resources & Services Administration (HRSA) Definition: Referral for Health Care and Support Services directs a client to needed core medical or support services in person or through telephone, written, or other type of communication. This service may include referrals to assist eligible clients to obtain access to other public and private programs for which they may be eligible (e.g., Medicaid, Medicare Part D, State Pharmacy Assistance Programs, Pharmaceutical Manufacturer’s Patient Assistance Programs, and other state or local health care and support services, or health insurance Marketplace plans).

Program Guidance: Referrals for Health Care and Support Services provided by outpatient/ambulatory health care providers should be reported under the Outpatient/Ambulatory Health Services Category.

Referrals for Health Care and Support Services provided by case managers (medical and non-medical) should be reported in the appropriate case management service category (i.e., Medical Case Management or Non-Medical Case Management).

Eligibility: Clients shall meet eligibility requirements as defined in the System-Wide Service Standards.

1.0 Agency Policies and Procedures

The Agencies shall have Policies and Procedures to ensure the services are accessible to all eligible clients. The Agency policy and procedures shall ensure compliance with the following Standards.
