

Emergency Financial Assistance (EFA)

Health Resources & Services Administration (HRSA) Definition: Emergency Financial Assistance (EFA) provides limited one-time or short-term payments to assist the Ryan White HIV/AIDS Program (RWHAP) client with an emergent need for paying for essential utilities, housing, food (including groceries, and food vouchers), transportation and medication. Emergency Financial Assistance can occur as a direct payment to an agency or through a voucher program.

Note: Direct cash payments to clients are not permitted.

It is expected that all other sources of funding in the community for emergency financial assistance will be effectively used and that any allocation of RWHAP funds for these purposes will be as the payer of last resort, and for limited amounts, uses, and periods of time. Continuous provision of an allowable service to a client should not be funded through emergency financial assistance.

Note: EFA Services in the Orlando Service Area shall include medication services only.

Eligibility: Clients accessing Emergency Financial Assistance Services shall meet the eligibility standards as described in the System Wide Standards of Care.

1.0 Scope of Service

EFA requests shall be initiated by Referral Specialists (RS) and Medical Case Managers (MCM) and shall ensure clients do not experience gaps in medications.
