

Psychosocial Support Services (Peer Support)

Health Resources & Services Administration (HRSA) Definition: Psychosocial Support Services provide group or individual support and counseling services to assist eligible people living with HIV to address behavioral and physical health concerns. These services may include:

- Bereavement counseling
- Child abuse and neglect counseling
- HIV support groups
- Nutrition counseling provided by a non-registered dietitian
- Pastoral care/counseling services.

Note: Psychosocial Support Services in the Orlando EMA shall include Peer Mentoring and Support Group services only.

Program Guidance: Funds under this service category may not be used to provide nutritional supplements. RWHAP-funded pastoral counseling must be available to all eligible clients regardless of their religious denominational affiliation. Funds may not be used for social/recreational activities or to pay for a client’s gym membership.

Peer Support in the Orlando Service Area is designed to complement, rather than replace, the roles of other professionals. Peers serve as a critical bridge between clients and providers and are pillars to success in a client’s understanding of their treatment needs.

Eligibility: Clients accessing Psychosocial Support Services shall meet the eligibility standards as described in the System Wide Service Standards.

1.0 Agency Policies and Procedures

The Agencies shall have Policy and Procedures to ensure that the services are accessible to all eligible clients. The Agencies’ policy and procedures shall ensure compliance with the following Standards.
