

Housekeeping / Know-Before-You-Go

Members and guests are asked to be fully present and engaged. This means staying in the room except during breaks or in case of an emergency. Virtual attendance is available for non-voting members and guests.

We invite you to unplug. If you absolutely need to be on a laptop and require charging, please ensure you are seated next to an outlet as we cannot create a trip hazard with charging cables.

Please step out to the exterior of the building to take calls/meetings. Visitors must be escorted at all times for security purposes and, unfortunately, we cannot spare humans to occupy other meeting rooms in the building.

Please do not park or idle in the loop in front of the building. It must remain available as our primary loading zone.
