

Directives to the Recipient (Ways To Best Meet Needs)

FY 2026-2027

Directives are guidance to the recipient on how best to meet the priorities and other factors to consider in procurement. The Planning Council may provide guidance to the recipient on service models, targeting of populations or service areas, and other ways to best meet the identified priorities (directives).

Scope	Directive	Monitoring Tools
Orlando Service Area, RWHAP Part A Recipient & RWHAP Part B Lead Agency	For the Part A recipient and Part B Lead Agency to develop and implement strategies to identify and re-engage people who are out of care and improve outcomes for people who are in care but not virally suppressed. Quarterly reporting to include: • Number of people identified as out of care, • Number of people successfully reengaged in care, • Number of in care/not virally suppressed clients receiving targeted intervention, • Number of people achieving viral suppression, • Primary barriers preventing successful reengagement or viral suppression.	Quarterly reports to the Planning Council.
Orlando Service Area, RWHAP Part A Recipient & RWHAP Part B Lead Agency	To ensure that all funded services are available in person in all counties in the OSA.	Bi-annual reports from the Recipient & Lead Agency to the Planning Council.
Orlando Service Area, RWHAP Part A Recipient & RWHAP Part B Lead Agency	For the Part A Recipient and Part B Lead Agency to create datasets related to the 60+ age group to identify areas for further intervention.	Preliminary reporting by the Part A Recipient and Part B Lead Agency will determine next steps (i.e., ad hoc committee and future reporting requirements)
